• Methodologies: Agile, Scrum, Test-Driven Development

PROFESSIONAL EXPERIENCE

Senior Software Developer | Tech Corp | 2021 - Present
• Developed and maintained web applications using React and Django
• Implemented RESTful APIs serving 10,000+ daily users
• Collaborated with cross-functional teams in Agile environment
• Optimized database queries reducing response time by 40%
• Mentored junior developers and conducted code reviews

Software Developer | StartupXYZ | 2019 - 2021
• Built responsive frontend components using React and Redux
• Developed backend services with Node.js and Express
• Integrated third-party APIs and payment systems
• Participated in sprint planning and daily standups
• Wrote comprehensive unit tests achieving 90% code coverage

EDUCATION

Bachelor of Science in Computer Science | State University | 2019
• Relevant Coursework: Data Structures, Algorithms, Database Systems, Software Engineering

PROJECTS
E-Commerce Platform
• Full-stack web application built with React, Node.js, and PostgreSQL
• Implemented user authentication, shopping cart, and payment processing
• Deployed on AWS with CI/CD pipeline

Task Management App
• React-based application with real-time updates using WebSocket
• Backend API developed with Django and Redis for caching
• Mobile-responsive design with modern UI/UX

CERTIFICATIONS
• AWS Certified Developer Associate
• Certified Scrum Master (CSM)
• MongoDB Certified Developer
